### New Development Fee

nbn™ classifies some newly built premises as *Greenfields* and may charge a \$300 fee the first time internet is activated there.

We will advise if this fee applies to you, if you then choose to proceed with the order we will charge you the fee and pass it on to nbn™.

### Additional Service Fee

Where an additional nbn™ service is requested at premises with an existing nbn™ service, nbn™ may charge a \$300 nbn™ *Additional Service Fee*. We will advise if this fee is applicable to you, whereupon you may choose not to proceed. If you elect to proceed with your order, Australia On Line will charge you the fee and pass it on to nbn™.

### INSTALLATION

Where installation of a new service is required:-

Install appointments

If required we'll book an nbn™ install appointment and advise you of when.

The property owner or delegate [you] needs to be at the nbn™ install appointment to oversight and approve of any NBN intended works and placement of the in-house nbn™ end point.

If you don't approve of nbn™ intended works or nbn™ intended location of the nbn™ end point you may cancel the appointment and the install.

### Additional Cabling

It is up to you arrange at your cost any additional cabling you may desire to augment the nbn service to connect any of your devices to the nbn endpoint via a cable rather than Wi-Fi.

### BROADBAND SPEEDS

nbn™ port speeds: 12Mbps down, 1Mbps up.

Actual speed experienced may be less due to limitations of the modem/router, the Wi-Fi signal strength, the source and type of content downloaded, the number of users and performance of infrastructure not operated by us.

### EQUIPMENT

Routers are available for purchase from us or you may bring your own (BYO), We'll use our best efforts to assist you with setting up your router.

### PHONE SERVICE

No home phone service is included with this plan.

### Battery backup

The legacy nbn™ FTTP battery backup is no longer an available option.

### Medical Priority, Security video equipment

"Medical Priority" or a guarantee of service continuity for the medically vulnerable is not available. Australia On Line relies upon third parties such as nbn™ to deliver the Service, consequently we cannot guarantee continuous service to those with medical conditions or those with monitoring equipment such as cctv.
